SUMMERY:

Innovative and results-driven Full Stack Software Developer with extensive expertise in both front-end and back-end development. Adept at leveraging a diverse array of technologies to engineer scalable, high-performance software solutions. Proficient in modern frameworks, emphasizing optimization, performance tuning, and enhancing user experiences. Passionate about continuous learning and contributing effectively to dynamic, technology-driven teams.

TECHNICAL SKILLS:

- **Frontend -** JavaScript, React Js, Html, CSS
- **Backend -** Java, PHP
- **Database -** MySQL, MongoDB
- **Tools -** GitHub, Visual Studio Code, IntelliJ IDEA, Postman

PROJECTS:

[Link] HotelMangementSystem - Front End and Back End Development
Tech Stack : Java ,React Js ,Postman ,MySQL
- Spearheaded the development of a robust backend architecture using Java and Spring Boot, resulting in a 40% reduction in server response time and a 30% improvement in system scalability
- Engineered and integrated RESTful APIs to enhance data interaction and system performance.
- Managed database operations using MySQL, ensuring high availability and reliability of data.

[Link] Contact Manager - Front End and Back End Development
Tech Stack : Java ,React Js ,Postman ,MySQL
- Architected and implemented backend services in Java using the Spring Boot framework, leading to a streamlined and efficient application flow.
- Developed and integrated RESTful APIs for seamless data management and enhanced user experience.
- Proficiently managed database schemas and operations in MySQL, ensuring optimal data integrity and performance.

[Link] Quick dash - Front End and Back End Development
Tech Stack : PHP ,HTML ,CSS , JavaScript ,MySQL
- Designed and developed intuitive user interfaces using HTML, CSS, and JavaScript, resulting in a seamless user experience.
- Specialized in backend development with PHP, ensuring robust and efficient server-side functionality.
- Integrated MySQL with XAMPP for effective data management and retrieval, enhancing application performance.

[Link] Shopping Cart - Front End
Tech Stack : React ,HTML ,CSS
- Innovated dynamic content rendering using React to enhance the interactivity and responsiveness of the user interface.
- Ensured cross-browser compatibility and mobile responsiveness to reach a broader audience.
- Optimized front-end code to deliver a fast and smooth user experience.

EDUCATION:

Ganpat University, Mehsana | Bachelor's Degree in Computer Engineering | October 2021 to June 2025

Certificates:

- **Lets Upgrade-**Java Project Bootcamp
- **Lets Upgrade-**React Bootcamp
- **Cisco-**Python Essentials 1
- **Cisco-**Python Essentials 2
- **Cisco-**JavaScript Essential 1
- **TCS-**Young Professional
